asbestos (friable): CALL AHEAD 781.329.8318

Materials not accepted include:

- industrial waste
- radioactive materials (*smoke detectors may be disposed in trash*)
- pathological and medical waste
- pressurized gas cylinders *
- lead acid (automotive) batteries *
- explosives

*** These materials are collected regularly by many towns.**

Latex paint is messy, but not hazardous

If your paint is still usable (smooth and not smelly), you may bring it to The Paint Exchange to be recycled into new paint. A \$2 processing fee applies.

Go to www.RecycleReuseRepaint.com or call 781.545.1272 for more details.

If your paint's not that great, remove lid. Air dry or absorb with cat litter or paint hardener, and dispose with trash.

Bring chemicals in labeled, covered containers.

Questions? Go to ssrcoop.info, click on **Haz Waste**, or call the South Shore Recycling Cooperative at 781.329.8318.
