The Plymouth County Public Health Coalition is proud to present an EDS training to **ALL VOLUNTEERS** that will be assisting citizens through the process of the Emergency Dispensing Site.

Following a major public health event, Emergency Dispensing Sites (EDS) may need to be opened therefore it is important to recruit, train and educate volunteers in advance. People will have to rely on each other to meet the immediate lifesaving and life sustaining needs, particularly in dispensing of medication to entire communities in an orderly and efficient manner.

**EDS training is offered free of charge to  
all volunteers**

The access and functional needs training will cover the following areas in an EDS:

Hearing Impaired	Psychological First Aid
Visually Impaired	Emergency Dispensing Site Walk Through
Mobility Impaired	

Light Breakfast and Lunch will be provided
